

LOSS PREVENTION SHELVING

SPECIFICATIONS

Economical security for existing bulk and display shelving.

Loss Prevention Shelving components attach easily and securely to existing 36" and 48" wide bulk and display shelving. Open mesh design offers quick visual inventory control. Buy just what you need: doors, side and back panels are all sold separately.

Side and Back Panels 8-gauge galvanized welded wire grid with 1-1/2" x 3" openings.

Doors Two types of hinged doors available: Single (removable) and bi-parting pairs (meet in the middle). Bi-parting doors have sturdy pivot pin hinges and a padlock hasp.

Finish Galvanized.

Options Powder coating available.

Custom sizes Loss Prevention Shelving can be made to your specifications.

Installation All hardware furnished. E-Z mount brackets attach with common hand tools.

Architectural Furnish Loss Prevention Shelving manufactured by Folding Guard Corporation, 5858 West 73rd Street, Bedford Park, IL 60638.

Side Panel Assembly

Part No.	WxDxH	Weight (lbs.)
